IG Railing Glass

1/2" tempered glass for 36" & 42" rail heights available.

- **Glass Widths:** 24", 36", 39", 42", 45", 48", 54".
- **Low Iron Glass:** Stunningly clear because it contains less than 1/10 of the iron present in typical clear glass. Grade A low iron is the only warranted glass to be used.
- **Dramatic Edge:** We offer a proprietary "blue moon" colored edge for safety during daylight hours and enhanced color by night.
- **Customization:** Possible with glass etching services and glass etch acrylics to personalize or logo individual projects.

IG Railing Glass Packaging

IG Railing offers multiple levels of protection to perform from truckload to job site.

Our process includes:

- Corner guards
- Foam wrap
- Boxed with weights listed for safe handling
- Crated for bulk shipments

BRINGING GLASS TO LIFE™

Why IG Railing?

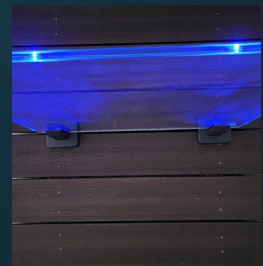

- **Patented system:** IG Railing is the only spigot that can be illuminated with a removable LED light globe.
- **ICC TESTED:** Certified with ICC ESR-4816.
- **Fast Quotes & 3D Layouts:** Configuration app and 3D layout tools for ease of accurate estimating, bill of material, and layout design for contractors.
- **Jaw-Dropping Beauty:** Minimalist design allows sole focus on the view and is a complement to every architectural style.
- **Advocacy:** Distributors, lumberyards, contractors, and homeowners are beyond satisfied with our product and team performance.
