

FIBERGLASS DOOR COLLECTION

www.trimlite.com

OUR STORY

For over 35 years, Trimlite has been committed to producing high quality interior and exterior door and glass products. Founded in Vancouver, British Columbia, we operate manufacturing facilities in four countries, along with distribution locations across North America. Managing one of the largest door distribution facilities in Eastern Canada, our team crafts and sells a wide range of doors to meet your specific requirements.

Our Fiberglass Door Brochure represents the full breadth of our partnership with Plastpro. We chose Plastpro because of their diverse product offering and commitment to producing high-quality fiberglass doors. Their product line has something for every architectural space and style.

At Trimlite, Handcrafted Construction meets Modern Design.

CONTEMPORARY

Contemporary homes reflect the architecture and design of today. They represent smart design and curb appeal. We selected several doors that we believe represent the ethos of now and can be loved forever.

CRAFTSMAN

Craftsman homes emphasize hand-worked touches and beautiful detailing. Popularized at the turn of the 20th Century, it remains a popular design aesthetic. We have recommended several door options that reflect the beautiful detailing a craftsman home requires.

TRADITIONAL

Traditional homes are comforting and classic. Their interiors are calm, orderly and familiar. Everything matches and is consistent. We suggest these doors for completing the look in a home with traditional style and decor.

FIBERGLASS DOORS

Our fiberglass entry doors with exclusive Hydroshield feature fiberglass reinforced door skins, full-length composite stiles, and composite top & bottom rails to prevent water infiltration on all six sides.

FULL LENGTH COMPOSITE TOP AND BOTTOM RAILS

Additional non-porous protection keeps water from seeping into the door and helps prevent the build up of mold or mildew.

FIBERGLASS REINFORCED SKIN

Fiberglass is unmarred by the wear and tear of everyday use and is unaffected by moisture and humidity. Our doors will not rot, splinter or warp like wood, and won't dent or delaminate like steel.

FULL LENGTH COMPOSITE STILES

All Plastpro fiberglass entry doors feature full length composite stiles to prevent water infiltration into the door and ensures our door will never warp, rot, or rust.

FEATURE & BENEFITS

- 1 COMPOSITE STILES AND RAILS
- 2 FULL LENGTH LVL FOR EXTRA STRENGTH AND RIGIDITY (STRIKE SIDE SHOWN)
- 3 100% CFC CORE
- 4 SMOOTH OR WOODGRAIN FIBERGLASS DOORS AND SIDELITES
- 5 DURABLE ALL-WEATHER COMPOSITE TOP & BOTTOM RAILS & FULL-LENGTH COMPOSITE STILES TO PREVENT WATER INFILTRATION

Trimlite carries a wide range of energy efficient doors and glass to meet changing energy code requirements. Our decorative and textured glass comes standard with Low-E and Argon Gas to comply with the latest energy ratings. We partnered with Cardinal Glass for our standard Low-E Glass, as they offer a variety of dual and triple glazed options to address many sound and energy needs. Our flush-glazed units are available with additional options to increase privacy and energy efficiency.

Need more performance in your doorlite... Consider Cardinal Glass

Trimlite uses Cardinal Glass for all of our Flush Glazed One-Lite Doors.

Cardinal Glass offers:

- Energy Efficient Options to Meet the Most Stringent Energy Codes
- Double Glazing, Optional Triple Glazing
- Additional Air Fill Options
- Custom Pane Options
- Custom Internal Grid Options and Patterns

We can work with you to find the right option for you.

OAK GRAIN SERIES

3'0" x 6'8" DRG29
3/4 Two Panel Door

OAK GRAIN SERIES

Our Oak Grain doors have a rich oak grain pattern that resembles the look, feel, and texture of real wood without any of the problems associated with organic/natural materials. Maintain the original look and feel of your home, but with all of the benefits of fiberglass. Made with our exclusive Hydroshield Technology, our Woodgrain doors will never rot or crack like wood.

Dentil Shelves are made of lightweight High Density Polyurethane (HDP). It is lightweight which makes it easy to install onto a door. It is weather-resistant and will not warp, rot or crack. Available in Woodgrain, Smooth, or Fir Grain finishes.

THE HIGH DENSITY POLYURETHANE (HDP) PROVIDES MANY BENEFITS SUCH AS:

EASY INSTALLATION using common wood working tools and equipment

WILL NOT ROT or absorb moisture, and resists the growth of fungus and mildew

CLOSED CELLULAR STRUCTURE prevents paint from peeling from the surface

WILL NOT WARP OR CRACK when properly installed, or be affected by UV rays when properly coated
